Deloitte.

Welcome to the Deloitte Technology Fast 50 Australia 2011

Now in its 11th year, the Deloitte Technology Fast 50 program ranks 50 of Australia's fastest-growing public or private technology companies, based on percentage revenue growth over three years (2009 to 2011).

The program includes the following related industry sectors:

- Communications/networking
- Software
- Semiconductors, components and electronics
- Biotech, pharmaceutical and medical equipment
- Internet
- · Computers and peripherals.

The Deloitte Technology Fast 50 is part of a global Fast 500 series of programs. The Deloitte Technology Fast 500 Asia-Pacific program recognises technology companies that have achieved the fastest rates of annual revenue growth in the Asia-Pacific region during the past three years, including those based in Australia, China, Hong Kong SAR, India, Indonesia, Japan, Macau SAR, Malaysia, the Philippines, New Zealand, Singapore, South Korea, Taiwan, Thailand and Vietnam.

While Deloitte does have existing relationships with some of the entities on the list, this does not influence nor affect the outcome of the final Technology Fast 50 list, which is judged on percentage revenue growth.

Technology companies are invited to nominate themselves for the Deloitte Australia Technology Fast 50 list via our website. Financial data about the top 50 companies is provided by the entrants gathered via our online survey tool, DTermine, and is cross-checked using each company's financial statements, which have been verified by their accountants or a registered auditor.

For further information regarding the Deloitte Technology Fast 50 Australia program, please visit our website: www.tech50.com.au.

Foreword

Connect. Build. Inspire.

The companies in this year's index are inspirational in the way they have capitalised on opportunities in a somewhat cautious market and strategically prepared themselves for improved economic conditions.

Congratulations to this year's winner, telecommunications company Anittel Ltd, which provides technology solutions to small to medium-sized enterprises. This young company has achieved an outstanding growth rate (through acquisitions) of 1,022%. Not only has the company topped this year's list of winners, but it has also topped the Leadership Awards category, which provides special recognition to winners with revenues in excess of \$50 million.

Deloitte would also like to extend congratulations to the following companies:

- Vocus Communications Ltd for their second consecutive appearance in the top 10
- Atlassian Corporation Ltd and Message4U Pty Ltd, which have appeared in the index for seven consecutive years
- This year's Rising Star Award winner, Internet retailer brandsExclusive (Australia) Pty Ltd.

Even more pronounced than last year, nearly half of the winning companies classify themselves as 'Internet' businesses, which is representative of the shift of broader technology companies to being more focused on online commerce. We are living through a once-in-a-generation opportunity driven by technology. The future is bright, with significant headroom for growth from online, mobile and data. We are enormously proud of the growth of Australia's technology companies and believe the industry has every opportunity to compete with the world's best technology players.

This year's Technology Fast 50 winners are an inspiration for the way they have embraced change, adopted new technologies and brought innovative solutions to the marketplace. Please join us in congratulating these businesses for being honoured as Deloitte Technology Fast 50 winners.

Joshua Tanchel Leader, Deloitte Technology Fast 50 Program

Congratulations to this year's winners...

Second-time winner	econd-time winner Third-time winner		Fifth-time winner
Sixth-time winner	Seventh-time winner

Leadership Awards

The Leadership awards are in honour of the Technology Fast 50 winning companies with revenues in excess of \$50 million this year. Achieving \$50 million revenue status is a significant achievement in itself, but it is also the threshold needed to make this year's winners' list. Congratulations to these eight companies!

Rising Star Awards

This year's Rising Star awards recognise high-growth companies which did not qualify for the Technology Fast 50, either as a result of having less than three years' existing revenue data or not meeting the new \$8 million three-year cumulative revenue eligibility requirement of the Technology Fast 50 program. While there were many exciting, fast-growing companies that did not qualify for this year's Australian program, the following companies have been selected as Rising Stars.

Observations from the winners' circle

Connect. Build. Inspire.

Our analysis of the 2011 Technology Fast 50 shows the following highlights:

- The total revenue of the index is approximately \$2.2 billion, up from \$1.8 billion in 2010
- Half of the top 50 companies are based in NSW, with a further 19 based in Victoria
- · Privately held companies dominate the index, with 44 being privately owned and six companies being listed companies, two of which appear in our top 10
- Internet companies lead the charge, with 23 companies being involved in the Internet industry the highest ever total
- Twelve companies are involved in the communications/networking industry
- · Software companies follow suit, comprising 11 of the winners, down from 15 companies in the prior year
- 25 of the companies have appeared in the winners' list in previous years
- Average three-year revenue growth rate for this year's winners is 209%, down from 425% in 2010.

Winners' profiles

Technology Fast 50 – Top 5

1

Fast 50 2011 - Ranked 1

Anittel Ltd

Sector: Communications

ations Company structure: Lis

Growth: 1022.22%

Leader: Peter Kazacos

Location: NSW

Anittel Ltd (ASX: AYG) is a national listed IT and Telecommunications service provider. Over the past 12 months, a growth strategy through acquisition has seen the integration of 10 Australian-based IT and Telecommunication service firms

The company is now positioned to support the complete end-to-end technology requirements of Small to Medium Enterprises across Australia, offering technology solutions including: IT support, telecommunications, Internet and networking, cloud services, and hardware and software. Anittel services a range of sectors, such as finance, legal, medical, government, education and not-for-profit.

Over the past several months, Anittel has opened two new office locations to increase its national footprint to 17 regional and metropolitan office locations.

Anittel was also named the 2011 National IT & Telecommunication Services Provider of the year by Australian Reseller News (ARN).

Fast 50 2011 - Ranked 4

SurfStitch Pty Ltd

Location: QLD

Leader: Justin Cameron

SurfStitch.com is Australia's largest online surf and fashion retailer – stocking more than 20,000 products (comprising more than 220 brands) with next day delivery to consumers across Australia. SurfStitch has developed a proprietary software and inventory management system that allows integration with front-end website infrastructure. This allows SurfStitch to leverage its front-end platform and provide online retailing capabilities for suppliers and third parties. SurfStitch provides technology to bricks-and-mortar retail partners, allowing over 250 retail stores, including well-known brands, to deliver products ordered online directly to customers.
