

FOR ASX IMMEDIATE RELEASE

16 July 2015

ANNUAL MEETING - NOTICE OF MEETING (CORRECTION)

OzForex Group Limited (OzForex, ASX:OFX) has released a correction to its Notice of Meeting in respect of its Annual Meeting to be held on 5 August 2015.

There is no change to the resolutions for the meeting. The correction is of a typographical error in respect of a performance condition to apply to the issue of performance rights to the CEO.

The original Notice of Meeting stated that the performance conditions to apply to the proposed grant of performance rights to the CEO would be based on an "Earnings Before Interest and Taxes (EBIT) compound annual growth rate with a vesting gateway using Earnings Per Share (EPS) CAGR". This should have stated "*Earnings Before Taxes, Depreciation and Amortisation (EBTDA) compound annual growth rate (CAGR)* with a vesting gateway using Earnings Per Share (EPS) CAGR". The performance conditions to apply to the performance rights to be issued are otherwise unchanged.

The above correction has been made to the attached Explanatory Notes on page 4 of the Notice of Meeting in the fourth paragraph under the heading "*Performance Conditions*". The table at the bottom of page 4 has been corrected as follows:

| Performance measurement period | Vesting gateway (EPS CAGR) | 100% vesting (EBTDA CAGR) | Pro-rata vesting from 25%-100% (EBTDA CAGR) | 0% vesting (EBTDA CAGR) |
|--------------------------------|----------------------------|---------------------------|---|-------------------------|
| 1 April 2015 – 31 March 2018 | 17% | 22% | 17%-22% | <17% |

OzForex apologises for any inconvenience caused by the typographical error.

The Company will disregard any votes cast (in any capacity) on item 2 by or on behalf of:

- a member of the key management personnel of the Company (KMP) as disclosed in the 2015 Remuneration Report; and

EXPLANATORY MEMORANDUM

ITEM 1: FINANCIAL REPORT AND REPORTS OF THE DIRECTORS AND AUDITORS//

In accordance with the Corporations Act 2001, the Financial Report, Directors' Report and Auditor's Report for the year ended 31 March 2015 will be put before the Annual General Meeting (AGM). These Reports are in OzForex's 2015 Annual Report and can be accessed on our website at www.ozforex.com.au/investors.

This item does not require a formal resolution and accordingly, no vote will be held on this item. Shareholders will, however, be given a reasonable opportunity to ask questions on these Reports during discussion on this item. PWC, OzForex's external auditor will attend the meeting and there will be a reasonable opportunity for shareholders to ask questions relevant to the audit.

ITEM 2: REMUNERATION REPORT//

Shareholders are asked to adopt the Remuneration Report for the year ended 31 March 2015. The Remuneration Report is in the Directors' Report in OzForex's 2015 Annual Report and can be accessed on the website at www.ozforex.com.au/investors.

The Directors' trust that the Remuneration Report assists in your understanding of the remuneration structure and remuneration objectives at OzForex.

Under the Corporations Act 2001, the vote on this Resolution is advisory only and does not bind the Board or OzForex. However the Board and Remuneration and Nomination Committee will take the outcome of the vote into account when considering future remuneration policy for non-executive Directors and Executives.

Shareholders should note that if 25% or more of the votes cast on this resolution are against adoption of the Remuneration Report, the first element in the Board spill provisions introduced in 2011 (known generally as the 'two strikes rule') will be triggered. This would require a resolution on whether to hold a further meeting to spill the Board (a 'spill resolution') to be put to shareholders at the 2016 AGM if a 'second strike' was to occur at the 2016 AGM.

A voting exclusion applies to this resolution, as set out in the Notice of Meeting.

The Board unanimously recommends that shareholders vote in favour of the adoption of the Remuneration Report.

The Chairman of the AGM intends to vote all available proxies in favour of this resolution.

ITEM 4: GRANT OF EQUITY TO MANAGING DIRECTOR AND CHIEF EXECUTIVE OFFICER – ISSUE OF EQUITY//

On 19 May 2015 the Board announced the appointment of Mr Richard Kimber as Managing Director and Chief Executive Officer (CEO) effective from 1 June 2015. Shareholders are being asked to vote on whether Mr Kimber should receive equity securities as part of his remuneration.

The Board believes that the CEO's remuneration should be aligned to the long-term interests of shareholders and that part of his remuneration should be in the form of equity that vests if certain conditions or hurdles are met.

As announced on 19 May 2015 Mr Kimber is eligible for equity grants made up of two elements for the 2016 year as follows:

- Long-term incentives (LTI) would be allocated in the form of performance rights and options.
- Half of Mr Kimber's short-term incentive (STI) which would be deferred, and delivered as restricted shares, rights or other security interests, vesting one third each over three years from 30 June 2017.

Shareholder approval is being sought at this meeting for the LTI component only. Shareholder approval will be sought at the 2016 AGM in respect of Mr Kimber's equity awards under the STI component referable to performance for the 2016 financial year.

1. Overview of CEO remuneration

Mr Kimber's remuneration package consists of the following components:

| | 2016 Package |
|--------------------------|-----------------|
| Total Fixed Remuneration | \$500,000 |
| STI target value | \$750,000 |
| LTI | |
| – Performance rights | \$250,000 |
| – Options | 400,000 options |

The terms of the STI and LTI Plans are determined by the Board in accordance with Mr Kimber's employment agreement and consistent with the Company's remuneration strategy, have been designed to link Mr Kimber's reward to performance and the delivery of long-term results for the Company's shareholders. This is achieved by:

- Aligning Mr Kimber's interests with the interests of shareholders;
- Ensuring that Mr Kimber's remuneration is competitive and aligned with market remuneration for comparable roles in similar industry categories; and
- Encouraging the achievement of the Company's strategic goals and the overall growth of the Company's business for the best interests of shareholders.

Full details of Mr Kimber's remuneration will be outlined in the 2016 Remuneration Report.

2. Requirement for shareholder approval

Under ASX Listing Rule 10.14, shareholder approval is required for a Director to be issued shares or any form of equity security under an employee incentive scheme. Accordingly, before any securities may be granted to Mr Kimber under the STI or LTI Plans, the grants must first be approved by shareholders in accordance with ASX Listing Rule 10.14.

Under the STI Plan, the Board decides at the date of grant whether any restricted shares awarded will be acquired on-market or issued by the Company. Similarly, under the LTI Plan, the Board decides at the date of vesting whether the shares underlying the performance rights will be acquired on-market or issued by the Company. Shareholder approval is being sought at this meeting to retain the flexibility to issue shares under either Plan.

3. Long Term Incentive Plan (LTI Plan)

Mr Kimber's initial LTI arrangements are being delivered in the form of performance rights and options.

The LTI Plan was established to assist in the attraction, motivation and retention of senior employees and aims to focus the efforts of participants on delivering long-term shareholder growth. Participants in the LTI Plan include Mr Kimber and other eligible employees (including executives, officers and other permanent employees). No other Directors are entitled to participate in the LTI Plan.

3.1 Grant of performance rights

As announced on 19 May 2015, subject to shareholder approval, the Board proposes to grant performance rights to the value of \$250,000 to Mr Kimber as part of his remuneration for the 2016 financial year under the LTI Plan.

The approval sought under this resolution is to grant Mr Kimber performance rights under the LTI Plan. Performance rights entitle Mr Kimber to receive shares, subject to the satisfaction of performance conditions.

Number of performance rights to be granted to Mr Kimber

The Board has determined that it wishes to grant performance rights to the value of \$250,000 to Mr Kimber, with the number of performance rights being calculated by reference to the fair value of each performance right. The fair value of each performance right is estimated by taking the volume weighted average price of OzForex's ordinary shares over the 5 trading days prior to 26 June 2015 (being the date of issue of performance rights to the Executive Team) and discounting it for the probability of achieving the performance conditions and

the present value of expected dividends that will not be received by Mr Kimber during the performance period. The performance rights will be granted at no cost to Mr Kimber and no amount will be payable by Mr Kimber on vesting of the performance rights.

Performance conditions

The table below shows the number of performance rights to be granted at varying prices for OzForex shares. The fair value of each performance right was estimated at the varying prices of OzForex shares by discounting for the present value of expected dividends that will not be received by Mr Kimber and the probability of achieving performance levels. The value was independently verified by KPMG.

| Assumed 5 day VWAP on 26 June 2015 | Fair value of performance rights | Number of rights |
|------------------------------------|----------------------------------|------------------|
| 2.00 | 1.60 | 156,055 |
| 2.10 | 1.68 | 148,544 |
| 2.20 | 1.76 | 141,723 |
| 2.30 | 1.85 | 135,501 |
| 2.40 | 1.92 | 130,412 |
| 2.50 | 2.00 | 125,125 |

The performance period will commence on 1 April 2015, being the beginning of the financial year and the same date that the performance period commences for other Executives who were granted performance rights in June 2015.

Following testing of the performance conditions at the end of the performance measurement period, being 31 March 2018 (described below), if the performance conditions are satisfied, Mr Kimber's performance rights automatically vest and OzForex will issue or procure the transfer to Mr Kimber of one OzForex share for each performance right which vests, for no further consideration.

The vesting of the performance rights will be tested against the performance conditions set for the performance measurement period. There will be no retesting of the performance conditions. The Board has determined that the performance conditions to apply to the proposed grant of performance rights to Mr Kimber is an Earnings Before Taxes, Depreciation and Amortisation (EBTDA) compound annual growth rate (CAGR) with a vesting gateway using Earnings Per Share (EPS) CAGR as set out in the table below.

100% of the performance rights will vest on 7 June 2018 depending on the performance outcome during the performance measurement period.

The performance conditions set out in the table below may be adjusted at the discretion of the Board to take account of corporate actions during the performance period which impact the appropriateness of the hurdles.

Rights attaching to performance rights

Performance rights carry no voting or dividend rights.

The LTI Plan contains provisions that the Board may make adjustments to the number of performance rights where required and permitted by the ASX Listing Rules, such as for variations in the share capital of OzForex.

Performance rights may only be transferred with the prior consent of the Board or by force of law upon death or bankruptcy.

| Performance measurement period | Vesting gateway (EPS CAGR) | 100% vesting (EBTDA CAGR) | Pro-rata vesting from 25%-100% (EBTDA CAGR) | 0% vesting (EBTDA CAGR) |
|--------------------------------|----------------------------|---------------------------|---|-------------------------|
| 1 April 2015 – 31 March 2018 | 17% | 22% | 17%-22% | <17% |

Change of control

The Board has discretion to allow all or part of the unvested performance rights to vest in the event of a takeover or scheme or arrangement for OzForex.

Treatment of performance rights if Mr Kimber leaves OzForex

If Mr Kimber ceases employment prior to the performance conditions being met, generally unvested performance rights will not lapse and the performance conditions will continue to apply and be tested at the end of the performance measurement period.

However, under the LTI Plan, the Board has a discretion to determine that all or part of unvested performance rights will vest or lapse as a result of Mr Kimber ceasing employment. In determining whether a different treatment should apply to that set out above on cessation of Mr Kimber's employment, the Board will have regard to factors including, but not limited to, Mr Kimber's performance and the proportion of the performance period that has expired at the time of his cessation of employment.

The value of any termination benefits that may be given to Mr Kimber by reason of the exercise of the Board's discretion that his unvested performance rights will vest (and not lapse) cannot be determined in advance. This is because the value at the date of cessation of employment will depend upon:

- the date when, and the circumstances in which, Mr Kimber ceases employment;
- OzForex's share price at the date of vesting; and
- the number of unvested performance rights held by Mr Kimber at the time of cessation.

Shares allocated on vesting of performance rights

Shares allocated to Mr Kimber upon vesting of the performance rights will rank equally with other OzForex ordinary shares on issue.

3.2 Issue of Options

As announced on 19 May 2015, subject to shareholder approval, the Board proposes to make a one-off grant to Mr Kimber of 400,000 options (Options), each to acquire one ordinary share in the capital of OzForex at an exercise price of \$2.49 per share (Exercise Price), being the volume weighted average price of OzForex's ordinary shares over the 5 trading days prior to the date of Mr Kimber's employment agreement.

The approval sought under this resolution is to grant Mr Kimber Options under the LTI Plan.

The Board considered this one-off grant appropriate to ensure Mr Kimber's immediate alignment with shareholder interests. Any future grants of options will have appropriate performance conditions attached to them.

Number and Terms of Options to be granted to Mr Kimber

200,000 Options will be eligible for vesting on 30 June 2018 and 200,000 Options will be eligible for vesting on 30 June 2019. Vested Options must be exercised within 12 months of the relevant vesting date. Other than ongoing employment, there are no additional conditions that must be satisfied at the vesting date in order for vesting to occur.

The fair value of each Option has been estimated using a trinomial option pricing framework. In this case the fair value of the Options is determined to be \$103,895 for the options to vest on 30 June 2018 and \$100,447 for the options to vest on 30 June 2019.

Right attaching to Options

Options carry no voting or dividend rights.

An Option will not confer on Mr Kimber any right to participate in new issues of shares by OzForex (including by way of rights issue or otherwise).

The LTI Plan contains provisions that the Board may make adjustments to the number of Options or the Exercise Price where required and permitted by the ASX Listing Rules, such as for variations in the share capital of OzForex.

Change of control

The Board has a discretion to allow all or part of the unvested Options to vest in the event of a takeover or scheme of arrangement for OzForex.

Treatment of Options if Mr Kimber leaves OzForex

If Mr Kimber's employment with OzForex ceases due to:

- His resignation (other than where there was a substantial diminution of his duties and responsibilities arising as a result of certain material events such as OzForex ceasing to be listed, Mr Kimber no longer holding the most senior executive position with OzForex or Mr Kimber being made redundant); or
- Mr Kimber being dismissed by OzForex with immediate effect or for poor performance or misconduct,

then all unexercised Options will lapse on the date of termination or the date the notice of termination is given.

If Mr Kimber's employment with OzForex ceases for any other reason, the unexercised Options will vest at the specified vesting date, unless those unexercised Options have lapsed because the Board determines that Mr Kimber has breached his post-employment covenants regarding not being involved with a competitor business or not soliciting business partners, suppliers, employees and contractors of OzForex.

Shares allocated on exercise of Options

Shares allocated to Mr Kimber upon exercise of the Options will rank equally with other OzForex ordinary shares on issue.

4. Prohibition of hedging arrangements

Consistent with the requirements under the Corporations Act 2001, under OzForex's Securities Trading Policy, Directors and restricted employees must not use, or allow to be used, derivatives or other products which operate to limit the economic risk of unvested shares, performance rights or options.

5. Disclosure for the purposes of Listing Rule 10.15

The following information sets out the disclosures required for the purposes of ASX Listing Rule 10.15:

- (a) The maximum number of performance rights that can be granted to Mr Kimber under this approval is calculated by dividing \$250,000 by the fair value of each performance right. The fair value is estimated by taking the volume weighted average price of OzForex ordinary shares over the 5 trading days prior to 26 June 2015 and discounting it for the probability of achieving the performance conditions and the present value of dividends that will not be received. The maximum number of Options that can be granted to Mr Kimber under this approval is 400,000 Options.

The maximum number of ordinary shares in OzForex that may be acquired by Mr Kimber if all Options vest and are exercised is 400,000 shares;

- (b) The price payable on the grant or vesting of each performance right is nil. The acquisition price for the grant of the Options is nil. The Exercise Price of each Option is \$2.49 per ordinary share;
- (c) Since the 2014 AGM, Mr Neil Helm* received 330,000 performance rights under the LTI Plan in accordance with the approval of that grant at the 2014 AGM. The acquisition price for those performance rights was nil;
- (d) Mr Kimber is the only person referred to in ASX Listing Rule 10.14 entitled to participate in the LTI Plan;
- (e) There is no loan proposed in relation to the proposed grant of restricted shares, performance rights and Options to Mr Kimber; and
- (f) The performance rights and Options are intended to be granted to Mr Kimber following the AGM. In any event, the restricted shares, performance rights and Options will not be granted later than 12 months after the date of the 2015 AGM.

A voting exclusion applies to this Resolution, as set out in the Notice of Meeting.

The Board (other than Mr Kimber) unanimously recommends that the shareholders vote in favour of this resolution.

The Chairman of the Meeting intends to vote all available and undirected proxies in favour of this resolution.

* Mr Helm stepped down as Managing Director and CEO on 1 June 2015. As a result of this he has forfeited some of his performance rights as detailed in Remuneration Report as part of the Annual Report. 155,143 performance rights remain on foot and will vest, subject to satisfaction of the original performance conditions.
